

HIGHFIELD WORLD BOOK DAY

2017

This year at Highfield we celebrated World Book Day, which is a day all around the world where we celebrate the books we are all so lucky to have. What we did was we all dressed up as a word in the dictionary, and made all our friends laugh. In the pictures above the two of them went as a duo and their words were 'Business' and 'Manager' the other two were dancer and determined. There were many duos and one of them was copy cats!

We dressed up as words, because without words no-one would be able to write a book and where would we be if there were no words or books in the World?
