

Stay and Play Feedback

Autumn Term handwriting 'Stay and Play' was attended by 90% of Year 1 parents and of the completed feedback forms 100% of parents said they enjoyed the sessions. Here are some of the feedback comments:

"I gained excellent techniques which I can now use with my child at home to continue his progress in writing sentences and spelling."

"It was an inspirational session as it gave me insight as well as ideas for teaching techniques at home too."

"I was able to observe what a positive, caring atmosphere exists in which my child can learn and integrate."

"Thank you for making the sessions accessible for all parents with different work patterns and childcare issues."

"It was great to see my child's learning environment, his confidence in all the activities and his pride in showing me his class."

"Fantastic to see all the different areas of learning and play and how phonics and handwriting is incorporated at this age."

"I thought the session was extremely well organised and structured but still relaxed enough to be fun."

Year 1 will be running two further 'Stay and Play' sessions this year. One based on Maths and one based on Phonics.
