

THE HIGHFIELDER!

Welcome to our first newspaper of the school year. We are Dominic White, Rianna Stebbings, Sophie Poole, James Hills and Jaya McCorry

HIGHFIELD GOES MAD FOR THE FAB FISHFINGERS

We asked Mr Beresford how much he had enjoyed writing his book,

“ I enjoy it more when I hear children at Highfield are enjoying it and telling me it’s good,” said our author and teacher Mr Beresford. Lots of children have been seen with the book and we look forward to his second book, The Fabulous Frozen Fish fingers, next year.

CONKER CRAZY

Last week, 6P had a conker championship and two

people were victorious. We asked one of the winners, James Hills about the event.

He said that he loved the competition and that it had been good fun. “The best part is when you attack the opponent’s conker because you have a 50:50 chance of hitting.”

Charlie Ashurst was the other joint winner.

HARRY’S WEATHER REPORT

It will be a cloudy and wet week with rain at night.

JAYA’S JOLLY JOKES

Why did the skeleton not do a bungee jump?

Because he didn’t have the guts to!!!

BULB BONANZA

Mrs Colley announced in assembly that the whole school is going to be planting 500 daffodil bulbs this week. This will make

our playground a little bit nicer

PUMPKIN DISCO

We are really pleased that The Friends have organised our first disco this year.

“I like it. It’s nice that our school has fun discos for everyone to enjoy,” said Dominic Balme in Year 3

WIZZING WHEELS AT HIGHFIELD (but not too fast!)

Over 60 children took part in scooter training last week.

One of our reporters interviewed Adam Caswell in 4H. “I loved the racing and I enjoyed checking over my shoulder with the instructors. I would give it ten out of ten.”

Nearly all the Year 6 children did Bikeability training. We interviewed one of the Year 6’s, Elijah Walsh. “It was exciting going on the roads and learning new stuff. It was a great experience. A good chance

to have a ride on your bike. To year fives it is a once in a school chance so make sure you do it.”

COUNCIL REPORT

Today we had our first Bun Day Monday of the year: we raised over £120! There were lots of different styles of bun, but unfortunately we didn't have quite enough for the whole school so Year 6 graciously missed out. Next time Year 5 will hopefully bring enough buns for everyone.

After half term, on the 15th November we will be having a “Funky Fashion Friday” for Children in Need. You will be able to come to school in your funkiest clothes (cost £1) Also there is going to be a writers song competition and a colouring Pudsey Bear competition for 50p.

The School Council have recently decided that our new charity this year will be... WWF! This is a charity that raises money for endangered animals. Each class has adopted an animal and will receive their starter pack after half term. The pack will contain a cuddly toy of the animal and information about the animal.

Through the half term we would like you all to make your Ghana Shoeboxes. As you know Mr Walsh will deliver them to The King Jesus Orphanage in Ghana. You can put in small toys, stationary and books but please do not put in confectionary or drinks.

COMING SOON TO SCHOOL...

We interviewed a school council member in Year 6 about the improvements to the playground. Lizzie said: “It is really exciting and I am looking forward to it. The games sound educational so it will be like doing fun lessons outside at playtime.”

Look out for the new playground markings and games after the holidays

SPORTS CORNER

Congratulations to Maddie Green who has been selected to represent Leeds at a diving competition in Edinburgh next month.

The Highfield football team have played one tournament and two matches. We came third out of twelve at the tournament and the team

are showing improvement already. Good luck for your match on Thursday and tournament on Saturday

SAFETY REPORT

Recently, The Safety Rangers have had a check around the school with Mrs Denton and Mr Walsh. So far the school is looking nice and ship shape. Charlie Ashurst and Kai Linley are our Litter Monitors and are keeping our school clean and tidy. Please help by not dropping your litter on the floor.

DOMINIC'S DILEMMA

If one chicken lays 19 eggs in one month, how many eggs would seven chickens lay over a period of four months? (answer in next edition)

FINALLY

We hope you have enjoyed the first Highfielder this year and hope you all have a great half term.
