

## 02.10.2023 Whole School Assembly: Find success in what you enjoy. You don't always need to win.

Today's assembly was taken by Mr Brassil. His focus was on personal, social and emotional development and in particular thinking about what really matters when it comes to 'winning'. He did so by using the example of Eddie 'The Eagle' Edwards. The barriers he overcame were so huge that competing at the Winter Olympics was a victory in itself, regardless of where he finished in the competition.

***Maybe the best of humanity isn't just in those who always win.***

There is a lesson here. Mr Brassil asked the children to think about and discuss the qualities Eddie 'The Eagle' had shown. He accepted that there would always be someone better than him, his enjoyment came from the 'struggle' and overcoming the odds to just compete.

Mr Brassil's slides are uploaded underneath the hyperlink to this page. Take a look.
