

Accessibility Plan

Adopted by Highfield Primary School Governing Body. To be reviewed by Governors: March 2024

Introduction

The Disability Discrimination Act definition is broad and includes a wide range of impairments including learning disabilities. These impairments sit within the definition of disability when they are in the context of 'substantial and long term'.

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA:

- not to treat disabled pupils less favourably for a reason related to their disability
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage
- to plan to increase access to education for disabled pupils

This plan sets out the proposals of the Governing Body to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the school curriculum
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
- improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled

It is a requirement that the school's accessibility plan is resourced, implemented and reviewed as necessary. Under the Equality Act 2010 you are disabled if you have a physical or mental impairment that has a "substantial" and "long term" negative effect on your ability to do normal activities. Substantial is more than minor or trivial e.g. it takes much longer than it would to complete a daily task like getting dressed. Long term means 12 months or more e.g. breathing condition that develops as a result of a lung infection. The definition includes: physical, sensory (visual and hearing), learning difficulties and learning disabilities, mental health and wellbeing and long term health conditions?

The purpose and direction of the school's plan: vision and values

The aim of this policy is to set out the commitment of the Governing Body of Highfield Primary School to the principles of inclusive education and the responsibilities of the school team of staff and governors to ensure that all pupils, staff, parents/ carers, visitors and governors, whatever their age, disability, gender identity, faith, race, sex, sexual orientation, attainment or background are all treated inclusively.

Mission Statement

Highfield Primary school lays the foundations for life by offering a rich enjoyable and fulfilling experience for all its pupils. It is characterised by a broad and balanced, creatively delivered curriculum facilitated by high standards in literacy, numeracy and ICT. We offer equality of outcome as well as opportunity. We aim to prepare our children to be citizens of the future – promoting wellbeing through safe, healthy lifestyles and nurturing respect of self and others. Social, emotional, spiritual and cultural development is a priority, ensuring all children feel valued. We are proud of our inclusive ethos. We have a firm commitment to enable all our children to succeed as well rounded individuals. This is underpinned by strong relationships with parents/carers and the community enhanced by experiences beyond our immediate environment. We offer every child the chance to achieve their full potential in a well-supported atmosphere that inspires passion for learning and a firm foundation for life – a place where we want to be!

Context

Highfield Primary School is a successful, high attaining school, serving a mixed area in the north of Leeds. The school currently has 451 children on roll (September 2021). It is a thriving, growing, multicultural school, with half the children coming from white British backgrounds and just under half the children representing a range of minority ethnic groups, the largest group being Indian. Most of these children are either fluent English speakers or advanced bilingual learners. The proportion of children with learning difficulties is below average; the proportion with Education Health and Care Plans is above the national average. Highfield prides itself on its inclusive approach and atmosphere and hold the Inclusion Charter Mark. A distinctive feature of Highfield is its highly successful integration of children with disability. Highfield meets the core offer of the Extended School's Agenda. We have highly successful and well regarded wrap around care, an extensive range of after school clubs and activities (Healthy Schools Advanced Award) and a very active parent group who plan an excellent range of community events across the school year.

Most children enter school with levels of attainment broadly in line with those found nationally. These children come from a wide variety of nursery and early child care settings. Good induction and transition links exist between these settings and the reception class staff.

Highfield believes strongly in the importance of sports (Sports Gold Award for five consecutive years) the arts and music (Arts Mark Platinum Award) and offers the children a very broad, balanced and creative curriculum with many opportunities for enrichment.

The Disability Discrimination Act definition (see: Introduction, above) is broad and includes a wide range of impairments including learning disabilities. These impairments sit within the definition of disability when they are in the context of 'substantial and long term'.

Action Plan 2021-2024

The following pages contain our planned actions around three broad themes. Some actions are on-going, included here for information to parents/carers, and to act as prompts in the review process for staff and governors.

Accessibility Plan

Action Plan 2021-24

Aim 1: To increase the extent to which disabled pupils can participate in the school curriculum

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently all children have always been encouraged to attend age related after-school clubs, leisure and cultural activities and educational visits. Nevertheless, improving teaching and learning lies at the heart of the school's work. Our key objective in this Accessibility Plan is to continue to reduce and eliminate barriers accessing the curriculum and to ensure full participation in the school community for pupils, and prospective pupils with a disability.

Teachers at Highfield plan and deliver good and outstanding lessons. Teachers' planning is differentiated to take account of the individual/group needs of all pupils, including those with disabilities. High expectations are evident throughout the curriculum areas and are clearly linked to the National Curriculum expectations.

Each year, school leaders develop action plans as part of the overall School Development Plan.

It is the role of the Special Needs and Disability Co-ordinator (SENDCo Mrs McVeigh) to deploy Teaching Assistants. She co-ordinates and facilitates training with all staff to develop whole school awareness of disability and ways in which children can best be supported within the classroom and the wider context. The SENDCo also co-ordinates advice given by outside agencies and ensures its full implementation. Supporting the SENDCo is a team of other professionals including a teacher, Mrs Hargrave, who leads speech and language therapy HLTA Dawn Booth, and our Learning Mentor Helen Calvert, who co-ordinates all health care plans and training. In addition we have named governors: for SEND Jackie Bragg.

Through self-review and continuous professional development, we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability inclusive classes.
