If Kevin was new at Highfield, what would you say to him?

- We want everyone to have the chance to learn with different friends.
- Sometimes, you discover someone you didn't know well before is really fun to work with!
- It helps us all become more confident, kind, and ready for new challenges.

The Exciting Part: You Get a Say!

- You'll get to choose some friends you'd like to be with.
- We'll make sure everyone has someone they feel happy and safe with.
- You're helping us build the new classes—how cool is that?

Feelings Are Okay

- It's okay to feel a bit nervous. Grown-ups feel that way too when things change.
- We'll talk lots about it and your teachers will help you every step of the way.
