

Autumn Curriculum Newsletter – Year 6

Dear Parents / Carers,

Welcome to year Six. Our aim is to make sure that the children not only have a fantastic and memorable final year at Highfield but also reach their full potential. In true Highfield fashion, the Year 6 curriculum is broad and balanced with a wealth of enrichment opportunities from visits to workshops and finally our wonderful Marrick residential in June. By the time KS2 SATs arrive in May 2026, your child will be fully equipped for the task ahead. In addition, we ensure the children are prepared for their transition to high school. Children are required to put in lots of effort and show resilience, but we make sure they are given the rewards they deserve and have lots of fun along the way!

This term, the children will continue to be taught by the Year 6 team (Mr Gath, Mr Brassil, Ms Hill & Mrs Hollick). Please don't hesitate to contact us or just come and say, 'Hello!'

Many thanks,

Mr Brassil, Mr Gath, Ms Hill & Mrs Hollick

Homework

Reading: Year 6 children are expected to read for 20 mins per night. We encourage you to listen to your child read and discuss the content of a variety of genres.

Homework: We post homework on Seesaw on a Monday to be completed by the following Monday. There will be a balance of English, Maths and other learning throughout the year. Please ensure your children complete tasks to the same high standard they would in school, as best as they can. Please check that any photographs you upload are close-up and clear to ensure we can read your child's effort. Spellings arrive on a Thursday for a test the following Thursday. We also encourage your children to access Times Tables Rock Stars at home.

P.E. days for both classes are MONDAY – indoor and outdoors.

Please remember that the children will need to bring PE kit / leave PE kits in school to school to change into for PE sessions.

Whilst the weather is intermittent, please make sure your children are prepared for warm and cold conditions.

Important Days

Monday

Homework set on Seesaw to be returned by the following Monday, Guitar Lessons TBC

PE – Indoor/outdoor 6G/6B

Thursday

Spellings tested and set for the following week on Seesaw, Guitar Lessons TBC

Friday

Musical Instrument lessons

Celebration Assembly

Important Dates

Tues 15th Sept – Curriculum Meeting
 Wed 23rd Sept – Year 6 Class Assembly
 Wed 30th Sept – Watch Us Learn
 Tues 13th (6B) / Weds 14th (6G) Oct – Northern Arts MacBeth Workshop.
 Thurs 15th Oct – Individual Photos
 Mon 19th – Equality Workshop
 Tues 20th / Thursday 22nd Oct – Teacher Consultation Evenings
 Wed 21st Oct – Pumpkin Parties
 Fri 23rd Oct – School closes for half term.
 W/C 2nd Nov – Bikeability
 Wed 4th Nov – Firework event
 Wed 18th Nov – 6G Class Assembly
 Thurs 26th Nov – Book Look
 Fri 27th & Mon 30th Nov – Training Day (school closed for children)
 Wed 2nd Dec – Christmas Fair
 Fri 11th Dec – Orchestra and Choir performance.
 Tues 15th – Presents for parents / carers.
 Wed 16th Dec – KS2 Carol Service St John's Church
 Fri 18th Dec – School closes for Christmas

English: When Life Gives You Mangoes: Non chronological report, When Life Gives You Mangoes: Narrative, Shakespeare: Sonnets, Paralympic Sports Report, Profile of a Mountaineer

Grammar and Punctuation: Full stops, capital letters, commas, Onomatopoeia, prepositions, noun phrases, speech marks, formal/informal writing, subjunctive forms, apostrophes, colons, semicolons, compound sentences, coordinating conjunctions, tense, alliteration, personification, assonance, imagery, rhythm, rhyme, similes, metaphors.

Science: Body systems including the circulatory system and heart health.

Geography: Mountains – An area study of mountains in North and South America. Climatic zones. Digital Mapping.

Computing: Digital Citizenship Beyond Gender Stereotypes; Facing Off with Facial Recognition

Computer Science: Using the Micro:bit for Primary to Secondary Transition Project (link to promoting girls in STEM)

Music: Tudor Music – Comparing and analysing. John Blanke – Biography. Mountain Songs – singing and performance. Playing the ukulele.

MFL: Classroom objects. Greetings. French town buildings. Travelling to school. Phonics.

RE: Marriage in Christianity, Judaism, Hinduism, Sikh and Islam religions. Creation stories in Christianity, Buddhism, Hinduism. The Big bang theory. Christmas.

Reading: When Life Gives You Mangoes, Macbeth, On Dangerous Ground, There's a Boy in the Girls Bathroom, Christmas Carol – Question focus, choice of punctuation and its effect on a reader, inference, retrieval, predictions, summarising and sequencing comprehension questions, subject specific vocabulary.

Art: Collage inspired by the bold, layered style of artist Megan Coyle.

History: What was the significance of the Early Islamic Civilization and how did it compare to Britain during the same time period? I can understand the Islamic Empire's place in history; what a caliphate is and how the first caliphate was formed; the importance of Baghdad; control within the Islamic Empire and how the Empire became a major power; the significance of the House of Wisdom; and the importance of Abu Al-Qasim Al-Zahrawi, the Great Surgeon.

PSHE: British Values. Ground Rules. Feeling Good and Being Me. Friends and Family. Life Changes. Understanding Emotional Wellbeing. Bright Body Talk. Solving Problems. Keeping safe out and about. Online safety.

Physical Education: Co-ordination – ball skills Invasion Games Dynamic balance to agility Matching and Mirroring.

Design and Technology: Moving Volcano – Cam Mechanisms. Sewing - Tudor Blackwork.

Maths

Number:

Number and Place Value, Read; write, order and compare numbers up to 10,000,000 and determine place value; Round any whole number to a required degree of accuracy; Use negative numbers and calculate intervals across zero; Solve larger number and practical problems.

Addition and Subtraction:

Perform mental calculations, including mixed operations and larger numbers; Identify prime numbers; Use knowledge of the order of operations to carry out calculations; Use estimation to check answers and determine the levels of accuracy; Solve multi-step addition and subtraction problems in contexts, deciding methods/operations to use and why.

Multiplication and Division:

Multiply multi-digit numbers up to four-digits by a two-digit whole number using the formal written method of long multiplication; Divide numbers up to four-digits by a two-digit number using the formal written method of long division, and interpret remainders as whole number remainders, fractions, or by rounding, as appropriate; Divide numbers up to four-digits by a two-digit number using the formal written method of short division where appropriate, interpreting remainders; Identify common factors, common multiples and prime numbers

Fractions (including Decimals and Percentages: Use common factors to simplify fractions, use common multiples to express fractions in the same denomination; Compare and order fractions including fractions > 1 ; Add and subtract fractions with different denominators and mixed numbers, using the concept of equivalent fractions; Multiply simple pairs of proper fractions, writing the answer in its simplest form; Divide proper fractions by whole numbers; Associate a fractions with division and calculate decimal fraction equivalents for a simple fraction; Identify the value of each digit in numbers given to three decimal places and multiply and divide numbers by 10, 100 and 1000 given answers up to three decimal places; Multiply one-digit numbers with up to two decimal places by whole numbers; Use written division methods in cases where the answer has up to two decimal places; Solve problems which require answers to be rounded to specified degrees of accuracy; Recall and use equivalences between simple fractions, decimals and percentages.

WAYS YOU CAN HELP AT HOME

- Talk to your child about their day-this can have a huge impact on your child and gives them an opportunity to reflect on their day and their learning.
- Reading with your child on a regular basis and holding discussions about what they have read.
- Helping your child to practise their times tables and arithmetic skills regularly.
- Making sure your child remembers to bring a water bottle every day.
- Be 'ready, respectful and safe' at home as well as in school.

Please see the school [website](#) should you require further information about the Year 6 curriculum.

Don't be late through the gate!

School starts at 8.55am. Getting your child to school on time really matters. Arriving late is upsetting for your child and disruptive for the rest of the class.

Being regularly late adds up to a loss of learning time.

5 mins late everyday = over 3 days of learning lost every year

10 mins late everyday = over 7 days of learning lost every year

15 mins late everyday = over 2 weeks of learning lost every year

20 mins late everyday = nearly 3 weeks of learning lost every year

Safeguarding and Child Protection

For any child protection issues please contact Mr Feeley, Mr Brassil, Mrs Bowker, Mrs Dalglish or Mrs Calvert and we will support you with any concerns or sensitive issues you may be dealing with.

Mrs Dalglish is the school SENDCo and can help you with any questions or concerns.

Please contact admin@highfield.leeds.sch.uk should you wish to speak to us.
